## Town and Country.

COVINGSEED at Cowen Bros.  
VALENTINE DAY next Saturday.  
Old newspapers for sale at the Chronicle office.

REV. GASTON has declined the call to Pittsburgh, and will remain in Belmont.

"SENTIMENTAL SLUSH" is what Prof. Swing characterizes the Moody and Sankey songs.

An engine on the Tuscarawas Valley road was dumped near Hardesty's, on Thursday morning.

A YOUNG MAN named Fowler was killed at Newcomerstown, on Friday, by the caving in of a bank.

MR. JIM ADAMS, formerly of this place, has been promoted to the position of Assistant Cashier of the Bank of the Ohio Valley at Wheeling.

THE GUERNSEY Times presented its patrons this year with a handsomely designed and beautifully illustrated Almanac. It is as useful as ornamental.

For Rent.  
The Store Room occupied by P. W. Dickey, Possession given April 1st. Enquire of A. H. Mitchell. (25-24)

PREACHERS are not especially anxious for the frequent recurrence of such Februarys as that of 1880. They have to preach more than one-sixth of the time, you see.

CONDUCTORS and brakemen on the B. & O. railroad are adorned with blue uniforms with brass buttons. Their caps are after the style worn by the Pullman car conductors.

Owing to the steadily stiffening value of wool, it is thought that there will be an unusually wide difference in the price of wool and clipped sheep the coming spring.

WANTED.—(If farm is not sold) a good farmer to work land or rent the farm. Is good for dairy. Inquire of D. Y. PARSHALL, 3 miles west of Bridgeport. 1-20 ly.

THE YOUNG people have had a few days of merry sleighing and coasting, and are therefore not in position to complain if the winter days do not bring more of the same kind of pleasures.

Owing to the heavy advance in the price of white printing paper, many publishers are advancing the price of their papers. The price of the CHRONICLE remains at \$2.00 per year.

The School Board of Chambers' District, No. 7, this township, are after the parties who molest their school house. The law will be enforced to the utmost against offenders hereafter.

At Wellsville Dick Barr, a lad of eight years, fell from a pair of stilts seven feet high to the ground, badly shattering the bones of the left arm. The accident renders the little fellow a cripple for life.

By bills printed at this office we notice that Sol. Prettyman, near Warnock's, will sell his personal property consisting of stock, farming utensils, household goods, &c., at public sale on Tuesday, March 2d.

Owing to the illness of the pastor Rev. J. H. Conkle, no services were held in the M. E. church on Sabbath morning. In the evening Samuel Wharton, a local preacher from near Somerset, filled the pulpit very acceptably.

AND NOW Belmont "troubles" to the racket and prepares a "grand ovation" for Miss Von Blumen, who appears in her walking feat at Ziehl's Hall on Friday and Saturday evenings. The military company do the honors.

Valuable Farm for Sale.  
I will sell at private sale my farm, containing 100 acres, situated three-fourths of a mile west of St. Clairsville, on the National Pike. It is choice land and in a good state of cultivation. For particulars call on or address C. W. PATTON, St. Clairsville, O. 1-29 3c.

THE Wellsville Union has taken in a partner in the person of Mr. Wm. Hewitt, formerly of West Virginia. Mr. Hewitt is to have charge of the editorial department of the paper, and Mr. Wiggins the local. The new management have the best wishes of the fraternity for their success.

JOHN HAFLEY, a brakeman in the transfer yard of the B. & O. railroad at Belmont, in an attempt to jump from one car to another, on Sunday morning, missed his footing and fell under the train, the trucks passing over one of his legs and one foot, crushing them both so as to render amputation necessary. The injured man who is about 25 years of age and unmarried, is a resident of Barr's Mills, whence he was taken by Dr. Kurz.

By the latest postal decision business men can actually make money by getting their bills and statements of account printed. Statements of account and bills of sale that are made out on paper that is printed at the head can be sent through the mail for one cent if the envelope is left unsealed; whereas, if made out on unprinted paper they will cost three cents. Thus, by patronizing the CHRONICLE office two cents can be saved on every bill or statement that is sent through the mails.

BUTTER is in demand in this market at fancy prices.

JOHN T. GRUBB has disposed of his interest in the Wheeling Saturday Journal to A. J. Halstead.

THERE is no truth to the story that Hon. Ross J. Alexander intends removing to Parkersburg.

COAL advanced last week in Belmont to eight cents per bushel, probably because of the strike among the miners.

THERE is to be a high-tiled leap year party in Barnesville on the 19th. Kramer's band of Wheeling is to furnish music.

UNDER a recent order of the Postoffice department, a two-cent stamp will be required to insure the safe delivery of a Valentine.

COL. J. D. TAYLOR, who has been sojourning in Maine for the past two months, has returned with his family to Cambridge.

THE Jubilee Singers gave three entertainments in Wesley's Hall last week. Their singing pleased nightly, the audiences, immensely.

YOUNG LADIES who are considering the propriety of asserting their rights during this leap year, should prayerfully consider whether they are able to support a husband.

ATTORNEY GENERAL NASH has rendered an opinion that the records in a County Recorder's office are free for the use of the public, and that an officer has no right to refuse access to them.

REV. E. S. GILLETTE, agent for the American Bible Society for Ohio and Indiana, Cleveland, was in town on Monday, looking after the workings of the auxiliary society in this place.

THREE old-fashioned copper cents, or five of the present two-cent pieces, or ten of the present nickel cents, make a good ounce weight, and one that can be used in the absence of any other standard.

OUR Republican friends are invited to exert their influence for the extension of the subscription list of the CHRONICLE. A good word spoken in its behalf by each of our patrons will be useful in that direction.

What it Does.  
Kidney-Wort moves the bowels regularly, cleanses the blood, and radically cures kidney disease, gravel, piles, bilious headache, and pains which are caused by disordered Liver and Kidneys. Thousands have been cured—why should you not try it?

THE Zina Glass Manufacturing Company of Belmont, with a capital stock of \$30,000 in shares of \$100 each, has been incorporated. Its office and manufacturing will be in the building formerly occupied by the Implement Works.

We have sent statements of accounts to many of our patrons, some of whom have responded. We will be glad to hear from all those who know themselves to be indebted to the office. Advance in material necessitates us to call on our friends to make prompt payment.

Wise Dairyman.  
The convincing evidence, from the most worthy and responsible sources, proving the great superiority of Perfect Butter Color, made by Wells, Richardson & Co., Burlington, Vt., should be pondered and accepted by the dairymen and farmers of this State. They will be wise if they keep clear of the humbug powders, etc., and use only this well known color.

THERE is said to be a family of colored folks consisting of man, wife and several little children, living not far from this place, the unnatural parents of which go away frequently and stay for days and nights at a time, leaving the little folks almost destitute of food and clothing to take care of themselves as best they can. This case needs attention from Township trustees as well as neighbors.

By accurate calculation based upon daily consumption and computation from days to years, it has been ascertained that an able-bodied man during a lifetime will consume 30 oxen, 200 sheep, 100 calves, 200 lambs, 50 pigs, 12,000 fowls, 300 turkeys, 200 lbs fish, 30,000 oysters, 5,443 lbs vegetables, 243 lbs butter, 24,000 eggs, 9,000 lbs bread, 3,000 gallons tea and coffee. What a mountain to stand behind and contemplate.

Double-Decker.  
If the thousands that now have their rest and comfort destroyed by complication of Liver and Kidney complaints would give nature's remedy, Kidney-Wort, a trial they would speedily cure. It acts on both organs at the same time, and therefore completely fills the bill for a perfect remedy. If you have a lame back and disordered kidneys use it at once. Don't neglect them.

Mrs. ISABELLA AMBLER, relict of the late Samuel Ambler, Sr., who died about a year since, after a short illness, died on Wednesday of last week, aged 87 years, and her remains were interred in the home burying grounds on Friday. Deceased was a native of Scotland, but came with her parents to America when but seven years of age and settled in the neighborhood where she lived during the remainder of her days. She was for many years a faithful member of the Presbyterian church and passed away in the full hope of immortality. Three sons, Calvin, Samuel and Andrew Ambler, and three daughters, are bereft of a mother, and community of a woman who bore her part in life's struggles nobly and well.

MR. CHARLES BAKER, at the west end, entertained on Tuesday evening a few of his gentlemen friends. He sent word to us that we were expected to be present. We blocked our boots, washed our face, ran our fingers up through our hair a few times and went—about a dozen others had done likewise. Well, to be brief, the most interesting part of the meeting took place about 9 o'clock. Charles' wonderful persuasive powers invigorated us into his dining-room: There he oyster-ed us, ducked us, pickled us, preserved us, then smoked us, and kept on tormenting us till after midnight when everybody got mad and left. That's the kind of a man Charles is.

SLIMONS have gone up—to summer quarters.

WARREN COOPER, of Rulo, Neb., is visiting relatives out about Uniontown.

WE notice Geo. H. Smith, of fast-horse notoriety, in town looking up summer flyers.

FATHER CARLILE—That John—still pounds away on his anvil as usual—boy or no boy.

Mrs. H. C. WELDAY was in town on Tuesday. She is looking well, and reports Mr. Welday improving.

SOME of the boys say this is the grandest jury that ever sat down on them. This is all we know about it.

At the close of each lecture he gives delineations of character of persons chosen from the audience. Private delineations can be had at his rooms in the St. Clair Hotel. Prof. Herbig bears the highest reputation in Belmont and we hope he may be favorably received.

PROF. HERBIG, of New York, gave a very entertaining and instructive lecture on Phenomenological science in Wesley's Hall on Tuesday evening. He seemed to understand his subject thoroughly and has the skill to enlist heartily the attention of his audience. He will lecture again this Wednesday evening, to which the public are invited, admission free. At the close of each lecture he gives delineations of character of persons chosen from the audience. Private delineations can be had at his rooms in the St. Clair Hotel. Prof. Herbig bears the highest reputation in Belmont and we hope he may be favorably received.

WE regret to chronicle the death on Monday afternoon, at his residence, in Loydsville, of Judge David Harris. For several months he had been in feeble health, and gradually declined until death freed his spirit from the earthly tenement. Deceased was born in North Carolina in the year 1801. His parents removed to this State, to the neighborhood of Mt. Pleasant, when he was quite young, and his father, Enoch Harris, was for many years the cashier of the Mt. Pleasant Bank. David Harris became a resident of this county—he believed near Hendersburg—about the year 1830, and resided there until about the year 1853, when he removed to this township, where he took up his residence in 1854, and in 1859, serving in all as Judge, nine years, and from '57 to '63, improved, and the amount of crops he raised last year. The census-taker will be around in June, and it is hoped that every Belmont county farmer will do his part toward making a full and complete statement of his crops, and he will want just these facts.

On Tuesday morning early Matthew Davis and Calvin heard dogs among the sheep of Conrad Troll, in the field near their houses, southwest of town. Upon the examination of the flock—which consisted of 45 sheep—it was found that seven were killed outright, four were wounded which would probably die, and ten others were wounded slightly. A committee, consisting of James Frazier, Robert Carlile and Isaac Neiswander, examined the flock and assessed the damage in kind, a used and killed Woodman, and injury to the flock \$40. Dogs belonging to T. J. Woodman and George Scheek, were found in the neighborhood where the sheep were. Mr. Patton followed them home and killed Woodman's dog, but Scheek refused to have his killed for the present.

JAS. W. HAMILTON, a colored man, who had been in the employ of Solomon Hogue, at Somerset, for the past six months, took Mr. H's family mare from the stable on Thursday night of last week, and on Friday morning conveyed a contract for her sale to John Renner, at Barnesville, having previously sold the saddle and bridle and received the money for the same from J. T. McCall. Mr. Renner, for some reason, did not pay for the animal when he purchased her, and before the money was passed, information was had of the theft, and Constable Cunard arrested Hamilton.

A preliminary hearing was had before "Quire" today and an accused was recognized to appear at the present session of the Court in the sum of \$500, and in default of bond he was brought to jail in this place.

OWING to the death of the mother of Mr. Calvin Ambler one of the Grand Jurors, the Jury adjourned over Friday, returning again on Saturday.

The brother of Mrs. C. N. Gaumer, aged 14 years, died on Wednesday of last week at his home in Miskingum Co., after many weeks of painful illness.

This Grand Jury is still in session with the probabilities in favor of them concluding their business this evening. One hundred and seventy witnesses have been before them. A new broom sweeps clean.

The editor of the Belmont Tribune shows signs of having his feelings lacerated by our suggestion that the petitioners had not heard from the grave yards in the light of last year's petitions, many of which had the ear-marks of having been copied by one hand from post-sheets, and in alphabetical order at that, and some of which had names of parties who had been dead for several years, we were altogether warranted we suspect, in making such an allusion.

PROF. HERBIG, of New York, gave a very entertaining and instructive lecture on Phenomenological science in Wesley's Hall on Tuesday evening. He seemed to understand his subject thoroughly and has the skill to enlist heartily the attention of his audience. He will lecture again this Wednesday evening, to which the public are invited, admission free. At the close of each lecture he gives delineations of character of persons chosen from the audience.
